

The 2nd World Conference on Complex Systems (WCCS14)

November 10-13 2014, Agadir, Morocco

Call for Papers

Committees

General Co-Chairs:

Professor Mohamed ESSAIDI, Chair - IEEE Morocco Section

Dr. Mohamed NEMICHE, Moroccan Society of Complex Systems, President

Professor Mohamed KNIDIRI, Association grand Atlas, President

Honorary Chairs:

Professor Omar HALLI, President of Ibn Zohr University, Agadir, Morocco.

Professor Fathallah GHADI, Vice-president of Ibn Zohr University, Agadir, Morocco.

Professor Yahia AIT ICHOU, Dean of Faculty of Sciences Agadir

Professor Pierre BRICAGE, Secretary General of the International Academy for Systems and Cybernetic Sciences.

Professor Younes BELAHSEN, Dean of Polydisciplinary Faculty of Ouarzazate.

Professor Driss MAMMASS, Director of ESTA

Advisory Board:

Professor M.A. Aziz Alaoui, Vice-president of Normandie University and Co-head of the Complex Systems Institute of Normandie

Professor Rafael LOSTADO BAJO, President of the Spanish Society of General Systems

Professor Cyrille Bertelle, Vice-president of University of Le Havre and co-head of the Complex Systems Institute of Normandie

Professor Paul Bourguine, President of Complex Systems Digital Campus.

Professor Pierre BRICAGE, Secretary General of the International Academy for Systems and Cybernetic Sciences.

Professor Gerhard CHROUST, Secretary General of the International Federation for Systems Research (IFSR)

Professor Wei-Chiang HONG, Oriental Institute of Technology, Taiwan (Editor-in-Chief of the International Journal of Applied Evolutionary Computation)

Professor Rafael PLA LOPEZ, Vice-president of the Spanish Society of General Systems. Spain

Professor Antonio CASELLES MONCHO, Vice-president of the Spanish Society of General Systems. Spain

Professor Matjaz MULEJ, Vice-president of the International Academy for Systems and Cybernetic Sciences

Professor Said RAGHAY, Director of University Center - Kalaa des Sraghna, Cadi Ayyad University and the head of Laboratory LAMAI. Morocco

Professor Robert VALLEE, President of The World Organisation of Systems and Cybernetics (WOSC).

After the success of the first edition entitled "International Conference on Complex Systems (ICCS'12)" held in Agadir during November 5-6, 2012, we are very glad to announce the WCCS14, "The 2nd World Conference on Complex Systems". We would like to thank all ICCS12 attendees for making the conference a great success. More than 22 nations were represented at the conference, from Algeria, Bulgaria, Canada, China, Finland, France, Germany, India, Lebanon, Libya, Morocco, Norway, Poland, Portugal, Russian Federation, Slovenia, South Africa, Spain, Tunisia, Turkey, UK, and USA. It gathered 148 professors, researchers and scholars from around the world. We hope to have the same success in the 2014 edition (WCCS14).

The WCCS14 will be organized by **Ibn Zohr University ; Moroccan Society of Complex Systems and National College of IT (ENSIAS, Mohamed V Souissi University)** in partnership with **IEEE Moroccan section** and **International Academy for Systems and Cybernetic Science** during November 10-13, 2014. The WCCS14 will provide a high-level, international forum for scientists, researchers, industrial professionals, and students who will present state-of-the-art research results, address new challenges, and discuss trends in Computational Science, Cybernetics, General Systems Theory, and their applications in diverse fields.

KEYNOTE SPEAKERS:

- **Professor Ronald R. YAGER**: Director of the Machine Intelligence Institute, Iona College (New York) **USA**.
- **Professor Nigel GILBERT**: Director of the Centre for Research in Social Simulation (CRESS), University of Surrey, **UK**.
- **Professor Matjaz MULEJ**: Vice-president of IASCYS, University of Maribor, **Slovenia**.
- **Professor Hans Van VLIET**: Department of Information Management and Software Engineering Vrije Universiteit, Amsterdam, **The Netherlands**.
- **Professor Alain ABRAN**: Department of software engineering and information technology. Professor - Ecole de technologie superieure - University of Québec, **Canada**.
- **Pierre BRICAGE**, University of Pau & Pays de l'Adour, **France**.

PUBLICATION:

All presented papers will be published in the conference proceedings (Book of abstracts with ISBN) and included in **IEEE Xplore Digital Library**.

Distinguished papers from WCCS14 will be invited to submit a revised and extended version to indexed **International Journals**:

1. International Journal of Intelligent Systems (**Impact factor: 1.416** ISI Journal Citation Reports) Special Issue: Vol 30 (2015)
2. Journal of Software Engineering and Applications (**Impact factor 0.1** Thomson Reuters Journal Citation Reports) Special Issue: (2015)
3. International Journal of Adaptive, Resilient and Autonomic Systems (IJARAS) (Indexed)
4. International Journal of Systems, Control and Communications (IJSCC) (Indexed)
5. International Journal of Applied Evolutionary Computation (IJAEC) (Indexed)

IMPORTANT DATES:

Submission: May 15 2014

Notification : June 15 2014

Camera-ready: July 20 2014

Registration: July 20 2014

WCCS14: November 10-13, 2014

THE TOPICS:

- Computational Intelligence and Applications
- Multi-Agent Systems and Applications
- Software Engineering
- Embedded and Real-time Systems and applications
- Systems Modeling and Automatic Control
- Big Data
- Biomedical Engineering and Computational Biology
- The 2nd International Workshop on Mobile and Cloud Computing Technologies and Security
